Graphic Design Portfolio 2026

LEON HUANG

Theme for 2026:

This year was an experimental year for me. Constantly trying new things and going with more experimental designs.

Something beyond normality and more towards something you would see in a glitched or broken visual game.

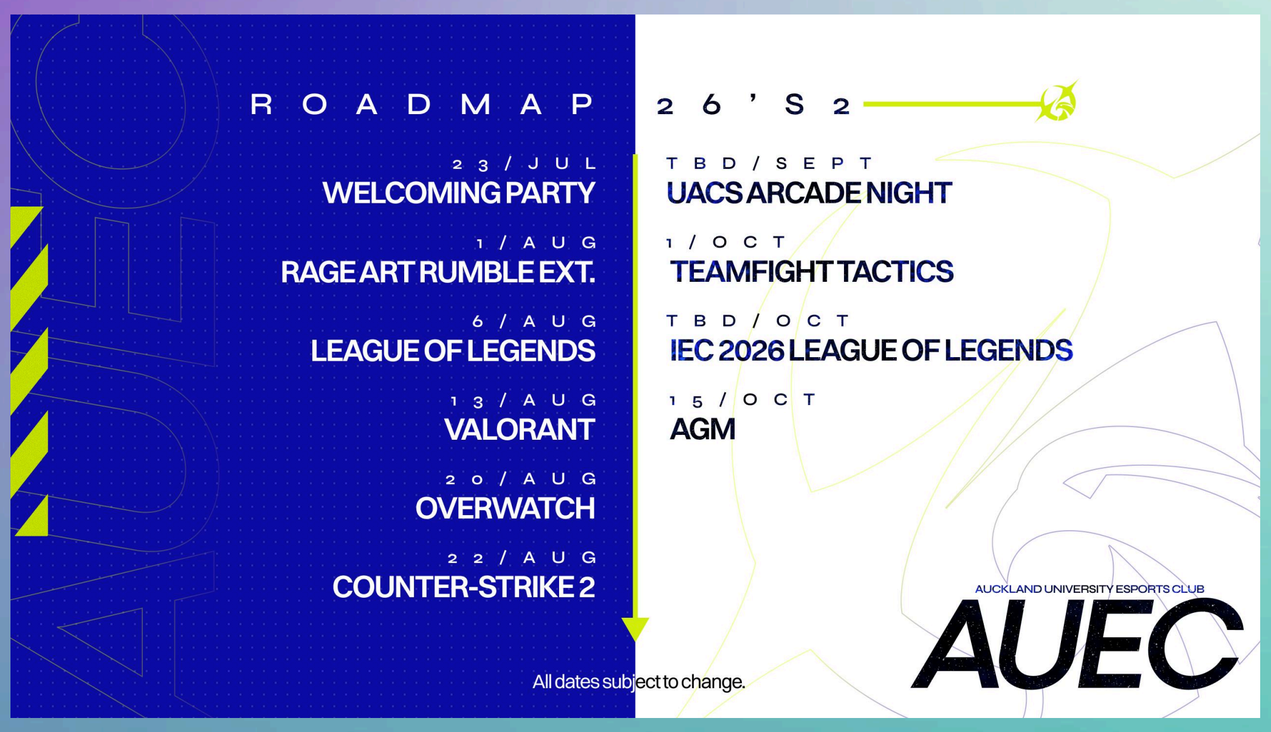

Heavy inspiration from old Sony PlayStation artwork and games like Nier: Automata, Persona Series and other visually experimental games and artworks.

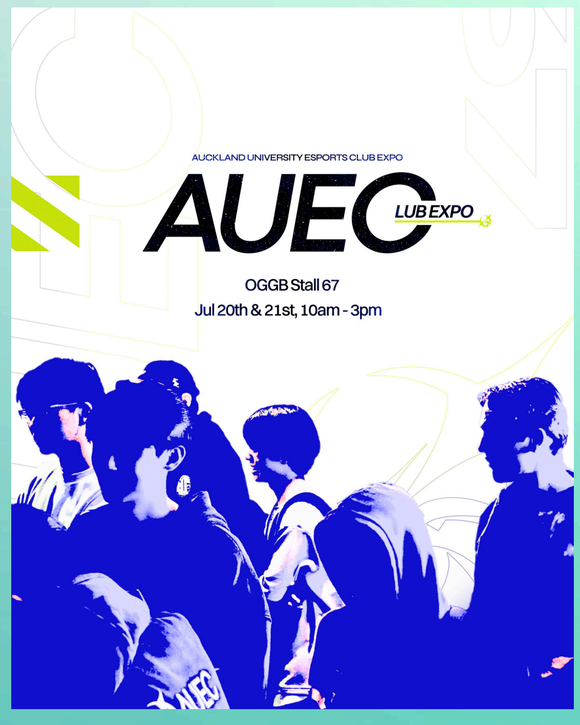

This is still a work in progress.

Auckland University Esports Club / League of Legends Tournament 2026 S2

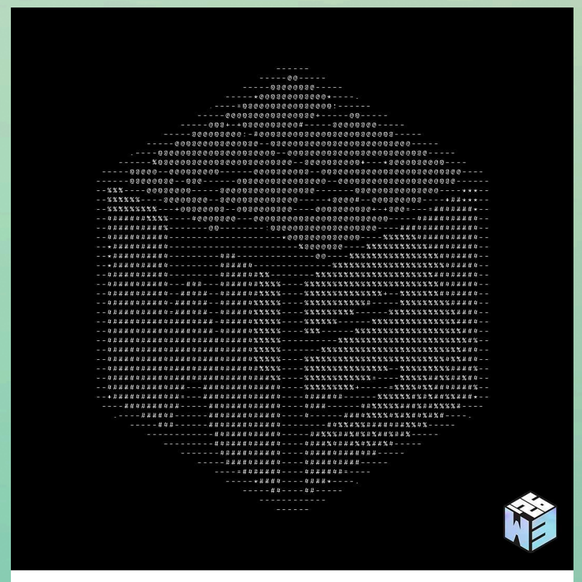

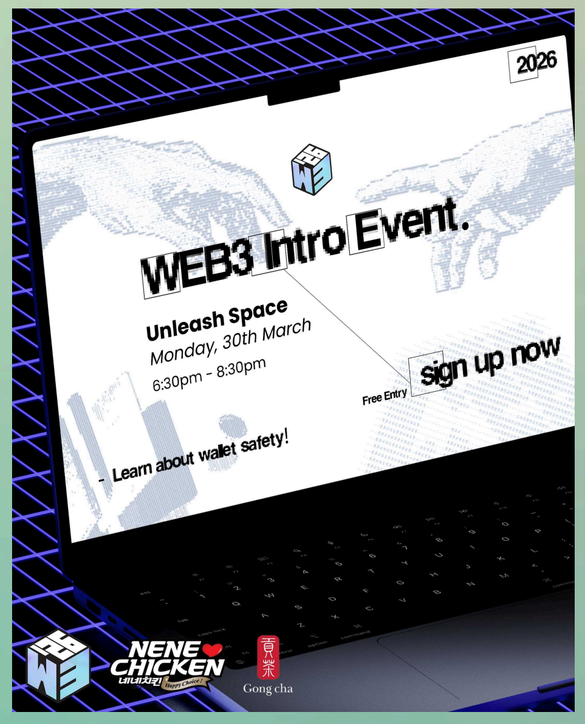

Auckland University Esports Club / Club Expo Poster, 2026 S2 Roadmap

Auckland University Esports Club / Rage Art Rumble EXT. Poster

WEB3UOA Posters / Various WEB3UOA Event and Sponsor Posters
